

Email Archiving for Microsoft 365

Safe, easy, flexible protection for Exchange Online

Rackspace Email Archiving adds set-and-forget, tamperproof archiving to Microsoft 365. It also provides flexible, high performance search capabilities that Microsoft can't match, making it a must-have protection option.

Key Benefits

- Set it and forget it: all sent/received emails are archived automatically.
- Highly flexible and fast search
- Separate/independent storage platform and no need for active mailboxes

Storage

✓ Rackspace Email Archiving

- Unlimited, immutable storage across all email plans.

Microsoft Email Archiving

- Variable storage based on license
- Optional auto-expanding storage which grows in 90GB increments and can take up to 30 days to complete
- Daily 1GB limit on amount of data archived to a mailbox
- Storage quota for recoverable items on hold and non-hold mailboxes (except E3 & E5 with auto-expanding on)

Search

✓ Rackspace Email Archiving

- Easy-to-use interface that enables untrained users to make complex searches and find what they need
- Results in seconds
- Keyword search statistics on an unlimited number of mailboxes

Microsoft Email Archiving

- Clunky search interface that can be difficult to use, especially for occasional users
- More wait time (sometimes 20+ seconds to return results)
- Keyword search statistics limited to 100 mailboxes

Retention

✓ Rackspace Email Archiving

- 7-year default retention with unlimited setting available to all mailboxes
- Free archiving of removed users' data

Microsoft Email Archiving

- Fee to archive removed users' data after grace period

Set and Forget

✓ Rackspace Email Archiving

- All users enabled out of the box
- Ensures that you are archiving all user's email to help stay compliant with email retention regulations

Microsoft Email Archiving

- Configuration required at setup to enable all users
- Auto-expanding setup required for plans without unlimited retention

Peace of Mind

Rackspace Email Archiving provides out-of-the-box archiving with unlimited storage for all users, past and present.
